Note:

- Follow this routine every day, even on rest day.
- Measure oats uncooked eat it after cooking, other than that every food will be measured after cooking.
- Measure only oats uncooked & eat it after cooking
- You have to keep a intake of minimum 5 litres of water everyday.
- You can eat eggs as ever you want, i.e., boiled, omelette half fry, scrambled, etc.
- You can cook chicken or fish with a little bit of olive oil, masalas and sauces, no need of eating boiled chicken.
- Keep variation in your meals so you won't get bored of it.
- Lukewarm water helps you with better digestion.
- For better results you need to sleep for about 8-10hrs
- If you get time make sure to have a NAP in the afternoon.
