DO & DON'TS!

1. Drink 1 glass of water before each meal.
2. In a day drink atleast 3-4 liters of water. NO juices or diet sodas.
3. Take 1 calcium tablet alternate day and 1 multivitamin tablet daily.
4. Use Stevia as a sweetener (max 3 packets daily).
5. Log your Food: To be more conscious of what you are consuming and to track and identify where pitfalls and successes, keep a log of what you eat and drink. You can log your food on Bliss App.
6. Important Habits: Preparing your food in advance, Eating every 2 1/2 to 3 hours. Always keep healthy snacks on hand and your next meal along with a bottle of water close by.
7. Throw out all junk food in your house.

8. Do your best to surround yourself with people who are supportive of your lifestyle change or who also live a healthy lifestyle? If you find yourself in a challenging situation don't be afraid to say 'no thank you'. It will get easier over time and each time will make you stronger. Most importantly, don't be afraid to say 'no to yourself' when no one else is looking. Little bites of food not on your approved food list, add up!

9. No Alcohol or keep it occasional and in moderation.

10. SLEEP: Without adequate sleep (7-9 hours per night), the body's fat-storing hormones become more active and hunger/stress levels can increase. 6-8 hours of sleep every night is a must!
